(c) whether after abolition of departmental pool/quota/system or shifting of the Department from Delhi to non-eligible zone, the same general pool quarters are again placed in the general pool by the Directorate of Estates; and

(d) if so, the reasons therefor and the prescribed guidelines in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT AND POVERTY ALLEVIATION (SHRI PON RADHAKRISHNAN): (a) and (b) Some units have been placed at the disposal of various Departments/Organisations from time to time for various purposes like operational, essential maintenance etc.

(c) and (d) An office remains eligible for Government Accommodation as long as it remains within the municipal limits of Delhi. On shifting of a Department from Delhi the residential units placed at their disposal are to be returned back to the Directorate of Estates.

Future requirement of water and disposal of garbage in Delhi

2003. SHRI NANA DESHMUKH: Will the Minister of URBAN DEVELOPMENT AND POVERTY ALLEVIATION be pleased to state:

(a) whether it is a fact that Delhi city get only 650 MGD of water at present and ground water has been much exploited;

(b) whether it is also a fact that Delhi collects 5543 tons of solid wastes besides the significant quantum of wastes remains uncollected;

(c) if so, the reasons therefor;

(d) whether according to Planners, Delhi would need 1500 million gallons of water per day and would generate 20553 tons of garbage everyday by 2021; and

(e) if so, how do Government propose to meet the future requirement?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT AND POVERTY ALLEVIATION (SHRI PON RADHAKRISHNAN): (a) to (e) Yes, Sir. The Delhi Jal Board (DJB) has

reported that it produces about 650 MGD of potable water. About 80 MGD is drawn from subsurface resources, like Ranney Wells and Tubewells. The DJB has estimated the water demand of 1270 MGD for Delhi by 2021. It envisages to augment the water production to about 920 MGD by March, 2007.

The New Delhi Municipal Council has reported that on an average 300-350 MT of garbage is being lifted daily from its area on regular basis and efforts are being made not to leave any waste uncollected. The garbage generation in the New Delhi Municipal Council area is anticipated to be about 600 MT by 2021.

The details regarding generation and disposal of garbage by Municipal Corporation of Delhi are being collected.

Survey of BPL Households in the Country

2004. SHRI C.P. THIRUNAVUKKARASU: Will the Minister of URBAN DEVELOPMENT AND POVERTY ALLEVIATION be pleased to state:

(a) whether Government have decided to hold survey for below poverty line households in the country as desired by some States:

(b) if so, the details thereof;

(c) the progress made in this regard;

(d) whether some NGOs are against fresh survey and represented against holding it;

(e) if so, the reservations expressed by NGOs; and

(f) the reaction of Government thereon?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT AND POVERTY ALLEVIATION (SHRI PON RADHAKRISHNAN): (a) to (c) For the identification of beneficiaries under Swarna Jyanti Shahari Rozgar Yojana (SJSRY), house-to-house surveys for identification of genuine beneficiaries is carried out by the States/ UTs keeping in view the incidence of poverty data, as provided by the
